

An Important Message from Duins Pineridge Resort:

Good afternoon – we are messaging you in your capacity as representatives of the PLPOA and would ask that you provide this information to your members if possible. As we are no longer associated with the Almaguin District Snowmobile Club, we are unable to permit public access through our property for any snowmobilers. This means that there is no Lake access – on or off - through our property and no use of West Point Drive either from Pickerel & Jack Lake Road or from the north end at Lakeshore Road.

We are sorry for any inconvenience that this may cause the Pickerel Lake snowmobilers but as insurance for property owners is a serious issue, we have no choice but to deny any access at this time.

If either of you are no longer involved with the PLPOA, we would appreciate if you could advise who would be the new contact person.

Thank you.

Duins Pineridge Resort
